

AURA ELEMENTARY SCHOOL CLIMATE TEAM

- Bringing families and the school community together to further equity and a positive school climate at Aura Elementary School -

November 2020

Each week in November was focused on one of our five core values. The students were encouraged to show kindness, acceptance for all, fun, respect, and friendliness. They were inspired by quotes or challenges each morning to demonstrate these values in school and at home. Whether it be helping a classmate in the hallways or helping a sibling at home, our students are constantly showing that they are an Aura School squire!

This month we also added a section for PBIS information on our school's website! To check out more information, see weekly spinner winners, and read our monthly newsletters, visit the "for parents" tab where you will find a link called PBIS.

One of our 3rd grade PBIS winners, Madison, and her friend Bronx decorating the hallway chalkboard!
